Health safety and welfare policy

Cinderford Town Council has adopted a health and safety policy to protect all of its employees, councillors, visitors, contractors and users of premises, and to encourage safe working practices. This document explains the policy and the systems that have been set up, within the organisation, to make sure that the Policy is working.

Please read this document carefully, and make sure you understand it. If you want to discuss safety matters generally, or have a particular problem, you should consult the Town Clerk.

Statement of health, safety and welfare policy

Cinderford Town Council accepts its responsibility as an employer to pursue a policy which ensures, so far as is reasonably practicable, the health, safety and welfare of all employees, councillors, contractors, visitors and users of premises, and others who may be affected by the council's activities, and declare their intention to meet the requirements of the Health and Safety at Work etc. Act 1974, The Management of Health and Safety at Work Regulations 1999 and all other relevant statutory provisions.

Cinderford Town Council will continue to ensure that its policy, legal obligations and experience are applied effectively throughout the council where it has legal obligations.

The council recognises that accident prevention is an essential element of good work practice and that its pursuit benefits the efficiency of the council's operations, as well as the welfare of its employees. It is recognised that effective prevention of injury and damage requires commitment at every level.

Objectives

Cinderford Town Council's objectives in this respect are to:-

1. Provide and maintain workplaces which are without risk to the health and safety of any employee, councillor, contractor, visitor, or user of premises.
2. Provide a working environment of a standard which will ensure the health and safety of its employees and other persons who are likely to be affected by the council's activities.
3. Assess the risks to the health and safety of employees and of anyone else who could be affected by its work activities, record the significant findings of such assessments and make them available to employees, councillors, contractors and users of premises. The compilation and implementation of practical codes of safety and health practice and conduct will be based on these risk assessments.
4. Provide, where appropriate, equipment, tools and plant which are safe and without undue risk to health.
5. Institute procedures for the reporting of defective equipment or other hazardous conditions, and for the rectification of such defects.
6. Make proper arrangements for the safe use, handling and storage of all articles and substances used by the council.
7. Promote the instruction and training of employees in matters of health and safety, so as to enable them to recognise and avoid hazards at work.
8. Inform employees, councillors, contractors, visitors and users of premises of the risks associated with its work activities by means of notices and instructions, and to clearly describe the work methods necessary to minimise the likelihood of injury or of adverse effects on health.
9. Provide and maintain, where appropriate, safety equipment and protective clothing and ensure that employees are informed of their obligation in respect of its use.
10. Provide first aid equipment, facilities and training, and to make such other emergency provisions as are necessary to ensure the Health and Safety of all employees, visitors and others allowed access to the council's premises.
11. Institute a procedure for the recording of all accidents and instances of ill health occurring as a result of the council's activities and ensure that such incidents are investigated.
12. Provide satisfactory welfare and amenity facilities and make such arrangements as may be necessary to ensure the welfare of employees whilst at work.
13. Advise all employees, councillors, contractors and users of premises of their obligations in health and safety matters, and of the penalties for acting in such a way as to endanger the safety or health of themselves or others.

14. Ensure that accident prevention within Cinderford Town Council is an integral part of operational management and is supported by a competent advisory service.
15. Ensure the proper direction and control of all persons other than employees allowed access to the council's premises and also ensure they are not put at risk by the council's work activities.
16. Control the use of contractors on the Council's premises, and ensure that contractors work to safety rules at least of the same standard as those laid down through this policy.
17. Arrange for health and safety inspections of all premises and other areas at regular intervals, with reporting of findings and recommendations to the Members of the Council.
18. Maintain arrangements with employees for joint consultation and participation in matters relating to their health and safety.
19. Keep the health and safety policy statement under constant review and make improvements, additions and amendments that from time to time may be deemed necessary or desirable.

Section 3

Arrangements

Risk Assessment

The Management of Health and Safety at Work Regulations impose wide ranging responsibilities on Cinderford Town Council including the requirement to assess the risk to health and safety to employees and others arising out of Cinderford Town Council's undertaking.

Cinderford Town Council will carry out risk assessments in accordance with the Approved Code of Practice (ACOP) and published guidance.

General risk assessments will be carried out on all council workplaces and on all activities organised by the council. Risk assessments will be carried out using a team approach by involving employees who are familiar with the work areas.

Risk assessments will be used to determine where action is required to achieve or maintain adequate control of risks. Any action taken will be in accordance with the principles of prevention detailed in the Management of Health and Safety at Work Regulations. Namely by;

- Avoiding the risk.
- Evaluating and reducing the risk as far as reasonable practicable.
- Combating the risks at source.
- Adapting the work to the individual.
- Adapting to technical progress.
- Replacing the dangerous with non or less dangerous.
- Implementing safe systems of work.

- Providing adequate personal protective equipment.
- Providing appropriate information, instruction & training.

The Town Clerk is responsible for:-

- a) Ensuring that all appropriate risk assessments are carried out, recorded and reviewed periodically.
- b) Ensuring that risk assessments are suitable and sufficient and accessing competent health & safety advice where required.
- c) Ensuring that action is taken to adequately control risks to health & safety identified Cinderford Town Council Health & Safety Policy 8 by the assessment.
- d) Implementing, monitoring and reviewing preventative and protective measures such as safe systems of work.
- e) Ensuring that employees are kept adequately informed of risks to health & safety and control measures provided.
- f) Ensuring that contractors or visitors who may be exposed to risks are adequately informed of the risks and any precautions or preventative measures.
- g) Holding copies of risk assessment documents.
- h) Ensuring that emergency procedures are in place and are formally recorded. i) Ensuring that appropriate information, instruction and training is provided.

All employees have a duty to:-

- a) Take reasonable care for their own and others health and safety.
- b) Use all work items in accordance with training and advice.
- c) Co-operate with their employer with regard to health and safety matters.
- d) Report accidents and dangerous incidents.
- e) Notify their employer of any shortcomings in health and safety arrangements.

Contract workers

It is Cinderford Town Council's policy that when contractors are used, they will represent the company in the same way as direct labour and are required to work to the council's policy.

The Clerk and Estates Manager are responsible for the appointment of competent contractors. Competence is assessed by checking relevant insurance policy cover, qualification and experience, contractor references and establishing safe methods of work before work commences.

Arrangements are made to ensure that they are acquainted with, and adhere to, the council's safety policy, and any other procedure or special instructions which may be in force relevant to specific operations. In particular, work is monitored periodically for safety and quality. Where appropriate a formal record of checks carried out is retained.

A copy of the safety policy and other relevant information is given to the sub-contractor upon acceptance of terms and conditions of the contract agreement.

Adequate supervision will be necessary to complement the provision of information, instruction and training if required ensuring that the council's policy is strictly adhered to.

The council's approved accident reporting form shall be used for the reporting of all accidents whether to property, employee or general public.

Further to the above it is a requirement to report all accidents, however minor. Serious accidents or major incidents should be reported immediately to the Town Clerk by telephone.

Should a contractor use a sub-contractor for any works it is a requirement under the Health and Safety at Work etc. Act 1974 for sub-contractors to conduct their work activities in such a way as to ensure that other persons are not exposed to risks to their health and/or safety.

Accident reporting

When an accident/incident occurs, injuries must receive prompt attention, and any immediate danger should be alleviated. The council accident book and or the RIDDOR accident report form will be completed by the Clerk.

The Reporting of Injuries, Diseases and Dangerous Occurrences Regulations 2013 (RIDDOR) and the Social Security Act 1975 require organisations to record accidents/incidents and also to investigate and report to the nearest office of the Health and Safety Executive (HSE) accidents which result in the following:-

- Fatalities.
- Specified injuries (see RIDDOR leaflet).
- Employees being absent from work for more than 3 days.
- Work related illnesses (see RIDDOR leaflet).

All accidents are investigated and preventative measures implemented where appropriate. Any relevant risk assessments are also reviewed by the Clerk.

Employee's responsibilities

All employees are instructed at induction, of the requirements to report all accidents/near misses occurring to themselves, members of the public, volunteers or contractors in the nearest accident book and to bring the accident to the attention of the Clerk. Employees must also ensure that everything possible is done to minimise damage, particularly injury to persons. Therefore:-

- Obtain first aid treatment for the injured person.
- Ensure that the accident/incident is reported to the Town Clerk.
- Record the accident/incident by filling in the accident book.

Employer's responsibilities

The Town Clerk is to:-

- Establish whether the circumstances or the result of the accident/incident are immediately reportable under RIDDOR as a major injury or as dangerous occurrence.
- Investigate the accident/incident and ensure that all necessary steps have been taken to prevent any immediate further injury or damage to property.

- Ensure that an entry in the accident book has been made.
- Take what steps are necessary to remedy the cause of the accident/incident to a reoccurrence.
- Ensure that if an injured employee is absent from work, or unable to carry out their normal work for more than 3 days (not including the day of the accident) the correct form is completed and submitted to the RIDDOR database on the HSE website.

Fire Regulations

Cinderford Town Council will carry out appropriate Risk Assessments, training and fire drills regarding fire safety. These will be reviewed regularly. They will appoint a fire warden who is usually the Clerk, and provide staff information, fire safety instruction and training. Regular testing and maintenance of the alarm, emergency lighting, PAT testing, 5 year fixed wiring checks, gas safety certificates and fire extinguishers are held and records kept by the Clerk/Estates Manager.

The following form part of Cinderford Town Councils Hirer agreements and give instruction as regards to fire safety including emergency fire procedures and evacuation:

Responsibilities in the Event of an Emergency Situation

The 'Hirer' accepts responsibility for their group, to evacuate the building in the event of a fire and to allocate a 'Responsible Person' to ensure the evacuation is coordinated properly and safely. They should ensure members of their group are aware of fire evacuation procedures. The 'Responsible Person' must make themselves aware of the location of the fire exits, fire alarm call points and the location and use of fire equipment. Fire doors must be kept closed at all times and NOT wedged open.

The 'Responsible Person' must be aware of the needs of any disabled group member in the event of a fire and give adequate assistance in the event of an evacuation. Any disabled person who may require additional assistance must have a Personal Emergency Evacuation Plan (PEEP) which details the assistance required in an emergency. In the event of a fire/fire alarm being activated the 'Responsible Person' within the group must telephone 999.

On the activation of the fire alarm, the building must be evacuated immediately using the nearest fire exit. The 'Responsible Person' must supervise the evacuation of the group. This must be carried out even if it is suspected that it may be a false alarm. The 'Responsible Person' will be responsible for co-ordinating the evacuation and ensuring that everyone is accounted for. This person will liaise with the Fire and Rescue service upon their arrival and will confirm:

- That an evacuation has been carried out
- That everyone is accounted for
- The location of any disabled persons awaiting assistance
- The nature and location of the fire There may be other users of the building who will appoint their own 'Responsible Person', and/or 'Fire Wardens'. All 'Responsible People' may need to liaise and work together in the event of an emergency situation.

The following is the Fire Plan:
